

Project Features

- Proposed Switching Station Location
- Study Area
- Existing Utilities**
- Existing Substations
- Existing 138kV Transmission Line
- Existing 345kV Transmission Line

Existing Land Use Features

- Church
- AM Communication Tower
- Communication Tower
- Oil/Gas Well
- Oil/Gas Pipeline

Transportation Features

- Interstate Highway
- US Highway
- State Highway
- FM Road
- County / Local Road

Cultural Features

- Cemetery

Hydrologic Features

- River / Stream
- Waterbody
- FEMA* Flood Zone

NWI Mapped Wetland**

- NWI** Mapped Wetland

Administrative Boundaries

- Parcel Boundary
- City Limit

Aerial Photography: Provided by Google
Date: 2023
Accuracy for Google imagery is approximately ±20 feet.

Some data layers including tract boundaries, roads, and oil/gas pipelines obtained from third-party sources may be inaccurate to varying degrees. These data have not been corrected in all locations and should be used as a general guide to feature locations only. Digitization of proposed transmission line alignments was performed based on aerial interpretation of these features.

Some legend symbols are enlarged for easier identification.
